Female

## CUSTOMER AGREES:

- As a customer of the Maxwell Public Utility District I agree to comply with all rule, regulations and ordinances of the District.
  - To pay for the utility rates and penalties in effect, subject to change at any time. This contract shall take effect on the date signed and rates shall be charged from the date services are provided. This contract is subject to all applicable provisions of the California Government Code.
  - To not hold the District responsible for any damage by water or by other cause resulting from defective plumbing or appliances on the premises supplied with water, installed and/or maintained by the owner or occupant. Customer acknowledges and agrees not to plead the fact that the District and its agents have inspected the plumbing and appliances as a basis for recovery in case of damage to the premises from defective plumbing or appliances installed by the owner or occupant.
  - To not hold the District responsible for damage caused to the owner or occupant's property when water service is turned on. It is Customer's responsibility to ensure that all faucets on premises are appropriately turned off.
  - That, in case the supply shall be interrupted or fail by reason of accident or any other cause whatsoever, District shall not be liable for damages for interruption or failure, nor shall such failures or interruptions for any reasonable period of time be held to constitute a breach of contract by the District or in any way relieve Customer from performing the obligations of this contract.
  - That failure to receive utility billings is not a valid excuse for failure to pay utility billings when due. The District's office must be notified of any change in occupancy or any change in mailing address.
  - That the District reserves the right at any time to shut off the water supply because of repairs, extensions, nonpayment of rates or any other reason, and the District shall not be responsible for any resulting damage, including bursting of boilers supplied by direct pressure, the breaking any any pipe or fixture, stoppage or interruption of water supply or any other damage.
  - That Customer understands that it is unlawful for any person, unless duly authorized by the District's General Manager, to disturb, interfere with or damage any water main, water pipe, machinery, tools, meters or any other appliances, buildings, improvements, lawns, grass plots, flowers, vines, brushes, trees or other property belonging to, connected with or otherwise under the control of the District.
- Please note that all new accounts are subject to verification. Also, if we receive this application in the mail, it may take up to five (5) days to activate your service account once we receive the application.
